EDUCATION

Bachelor of Technology in Computer Science & Engineering, GLA University with 66.20 CPI **2025-2029**

Intermediate, Adarsh vidhya school, CBSE Board, nharatpur with 58.2 **2024-2025**

High School, TM international School, CBSE Board Bharatpur with 67.6 **2023-2024**

PROFESSIONAL EXPERIENCE

Personal project **2026 present**

Student developer

Skills Used: Java, SQL, problem solving

- Developed academic programming projects using Java and database concepts
- Practiced object-oriented programming and problem-solving techniques
- Worked on database queries and student record management concepts using MySQL.

PROJECTS

Student managment system

Developer

Individual project

Technologies Used - Java, mysql

- Designed a student management application to organize student information
- Implemented student record management functionalities
- Worked with MySQL for database storage and management.

SKILLS

Full-Stack: HTML, CSS, JavaScript, MySQL.

Programming Languages: JAVA, C.

Testing: Junit, Pytest.

Core CS: SQL, DSA, Cybersecurity.

Tools: Git, Github, VS Code, Docker.

Soft Skills: Problem solving skills, Efficient Time Management.

ACHIEVEMENTS

- Solved coding problems on LeetCode to strengthen Data Structures and Algorithms knowledge.
- Developed practical knowledge of SQL and database management using MySQL.
- Completed academic programming assignments and hands-on coding practice.
